DR. WARD DELIVERS EVENING ADDRESS

Vespers Popular With the
Students.

The union Vesper Service of last Sunday was held in the Congregational church, the Auditorium of which was crowded to the last seat. Rev. George Morgan Ward, D. D., LL.D., delivered a very powerful sermon upon the subject, "The Man by the Wayside." He chose as a text the words, "Come, see a man who told me all things whichever I did; is not this the Christ?"

These evening services are proving a great source of inspiration for students and town people alike, and are increasingly popular as is shown by the interest manifested in the size of the audiences. The addresses made by the three much respected speakers Pres. French, Dr. Ward and Dr. Vincent bear clearly students appreciation without limiting the unevadible general application. Rollins College and Winter Park are both exceedingly fortunate in looking forward to the continuance of these speakers' addresses during the winter season. The music furnished, at the college by the Conservatory and in the town by the Choir of the Congregational church, is a worthy attributing feature of the weekly exercises.

AMERICAN STUDENT WRITES FROM FRANCE.

The following is an extract from a letter written by W. G. Taylor former student of Middlebury College.

I have hesitated before writing this letter to The Campus for the main reason that I feel all magazines and papers contain so much war material and editorials that the readers of the college paper may prefer to have their paper left only for college notes, but on the other hand I cannot help feeling that all papers of every type should contain war articles, for if speeches, personal appeals, letters, and every casualty list cannot wake up our big nation, what is going to move us as a people?

Friends, as I start this letter I find it to be one of the hardest things I ever attempted. I have so much to tell you, so much to try and make you see, and with such a very small power to reveal it. As a member of the class of 1920 of Middlebury College I appeal to you as a student body to do some one thing for your country, to raise money for an ambulance, or do some thing that will help in this great war. Other colleges have given am-

REMARKABLE GROWTH IN THE COMMERCIAL DEPARTMENT

Professor Harrington Is Offering Special Courses

During the months of this college year just past, the Commercial Department has shown remarkable growth. At the beginning of the semester, there were only eleven students

enrolled exclusively in this department. At the present time there are 62, with 22 taking one or more subjects as electives.

Professor Harrington, head of the department, is a graduate of Harvard, possessing an unusually broad and general education as well as the best of training and experience in commercial work. The work is, therefore, very interesting, and at the same time valuable.

Very recently a night school has been instituted in which are enrolled eighteen students. Classes in shorthand and typewriting receive instruction on Mondays, Wednesdays, and Fridays, from seven to nine o'clock. On Thursday night the bookkeeping class meets. Students may enter this school at any time.

A special class is conducted on Saturday for those who cannot attend during the remainder of the week. This class consists of seven members.

Professor Harrington is untiring in his efforts to increase enrollment and to make the work of his students the very best. During the remainder of the winter students may enter this department and be sure of his interest and co-operation in securing the business education which they desire.

The Young Women's Christian Association met as usual Tuesday evening in the parlors of Cloverleaf.

Miss Wilkins gave an interesting talk on Jean Webster with whom she was intimately acquainted.

Miss Pellerin gave a short history of the Hostess houses and the many uses of them. This was followed by a talk from Miss Hanchett who spoke on the conduct of the girls toward the soldiers around the cantonments.

The meeting was led by Miss Muriel.

WEDDING OF FORMER ROLLINS STUDENTS

Miss Kathleen Hill, a former Rollins student was married recently to Conrad Bucher, also a student here. The wedding took place at Antilla, Cuba where the couple intend to make their future home.

THANKSGIVING PARTY A SPLENDID SUCCESS

An Evening of Mirth and
College Spirit.

At 7:30 o'clock on Thanksgiving evening the students and many friends of the college gathered in the gymnasium to enjoy the delightful programme which was given by the faculty and students.

The entertainment opened with a piano selection well rendered by Isabelle Foley and a solo by Kitty Gates, accompanied by Miss Warner and Mrs. Harcourt.

These were followed by the Pantomime "A Bachelor's Dreams." The part of the bachelor was well played by George Arrants to whom, as he looked through his box of "keepsakes," the visions of many beautiful girls, his sweethearts of long ago, approved.

The girls representing his sweethearts were Florence Stone, a fair, blue-eyed, curly haired, maiden of his childhood days; Margaret Coulter, his laughing, brown-eyed, high school companion; Elizabeth Russell, in cap and gown, his ideal of a college graduate; Hildegard Slaughter, his chum in sports. Then he went abroad where he found a Scotch lassie, Helen Waterhouse; a charming little Dutch girl, Mable Townsend; a "petite" French beauty, Amparo Cunningham; and beautiful girl of Japan, Vivian Barber. But at last he returned to America where he found his true love, Sarah Yancey.

The pantomime was followed by several musical numbers rendered, a piano selection by Miss Laura Boggs a violin quartet and piano selections by Mary Noe and Okle Curry.

Mrs. Harris gave two readings which were greatly enjoyed by those present.

A farce entitled "Five Cups of Chocolate" completed the programme. The parts were taken by Lillian Sawyer, Dorothy Richards, Winifred Hanchett, Jean Richie, and Norma McFadden.

Refreshments were served and the entire evening was a great success.

SENIOR CLASS HAS BACON BAT

The seniors enjoyed a Bacon Bat last Saturday evening on the east shore of Lake Virginia. A canoe-ride home in the moonlight afforded the finale to a pleasant evening.

Miss Gonzales was chaperon for the occasion. The members of the class who were able to enjoy this delightful affair were Sadie Pellerin, Katharine Weldron, Sara Mureil, Elizabeth Russell, Annie Stone, James Noxon and Robert Hutchinson.

LIGHTS OUT

Under the above heading, the following editorial appeared in a recent issue of The Florida Alligator. The suggestion is one which might well be followed at Rollins.

Now is the time for the elimination of waste in every form. It is being practiced as regards waste of food, but it would be inconsistent not to carry it into other realms. Therefore, we urge you to go easy on the elec-

tricity, form the habit of turning out your lights every time you leave your room, and let's have a stop to the present way of having practically all the lights burning during the supper hour and many other times when the rooms are unoccupied.

The war is very terrible. No man with red blood in his veins can ignore its serious import, and yet there are worse things than going to the front and fighting for one's country. And one of the things that is worse is staying at home and failing in one's duty to support in every possible way those who are fighting for us at the front so we may stay at home and live.—A Booster in The Ambassador.

A CORRECTION

Mr. S. Johnson, Supervising Principal of Orlando Schools has taken up several studies in the college department.

The above item which appeared in last week's Sandspur should have read, "Principal of the Orlando Grammar Schools."

Retail grocers of Florida who are selling sugar or any other food commodity at an extortionate rate on account of the shortage now existing are directly violating Food Administration rulings. Such action is extremely dangerous to their business, and the Government will rigidly enforce rulings against such dealers and will take steps to prevent them from continuing such practices.

All dealers in Florida are held to reasonable profits, proportionate per cent of profit derived under normal and they are not allowed to raise prices on any article of food because of the scarcity.

The Food Administration is prepared to take immediate action against all who ignore these rulings, and wilful violators will surely suffer.

Food Administrator Beacham declares that this is no time for merchants to take an advantage of the people in their communities, any such action is little less than treachery to their country which is now laboring to bring about better conditions for all.

Newspapers of Florida are urged to give this the greatest publicity as they will be conferring a benefit on their advertisers and their readers by explaining to them the need for strict observance of Food Administration rules. No merchant can afford to treat lightly the rulings of the Food Administration, and those who persist in following tactics actuated by greed, and disregard their patrons, and their patriotic obligations, will feel the heavy hand of the law.

WAR TAX ON COLLEGE ENTERTAINMENTS

The National Committee of Patriotic Societies addressed an inquiry a short while ago to Commissioner Daniel C. Roper of the Department of Internal Revenue as to how the provisions of the Act of October 3, 1917, affected the various student activities in our American colleges. Commissioner Roper had the following statement especially prepared for publication in the college press:

Inquiry has been received relative to the application of the provisions of the Act of October 3, 1917, imposing tax upon admissions to college athletic, theatrical and other entertainments. The Act exempts from such tax "admissions all the proceeds of which inure exclusively to the benefit of religious, education or charitable institutions, societies or organizations."

As was remarked in a recent statement relating to the same provisions of law, the word "educational" as used in such connection has been given a rather broad construction by the courts. It has been held to include physical and moral as well as purely intellectual training; and if a college itself managed the theatrical and other entertainments and received the proceeds arising therefrom, there would of course be no doubt that the exemption applied. However it is understood that, generally speaking, such entertainments are managed not by the college authorities, but by students organizations which control the expenditure of the proceeds. Any claim to exemption, therefore, must be based upon the contention that the student organizations are them-

the entertainments which they manage are educational. It is doubtless true that college sports tend to arouse interest in physical development and that college theatrical and similar entertainments have some educational selves educational institutions or that

LAKESIDE

influence, but the same might be said of professional base ball games, for instance, and professional theatrical performances, and of course there was no intent to exempt the latter or the promoters thereof. After all, the principal function of college sports and other college entertainments would seem to be, as in the case of professional sports and other professional entertainments, to furnish recreation; and there appears to be no more substantial ground for exemption in one case than in the other.

It is accordingly held that the tax applies to admissions charged for entrance to college athletic and other entertainments, unless all the proceeds thereof are actually turned over to the college itself, or to some other

tions, but I cannot help laughing at any argument any one in the States could put up to me, now that I have been here and seen. What will America do when the casualty lists of thousands come back across the water? Then is when the people will start to be aroused. That will bring everything closer home; but as it is now, they read the newspapers telling of the attack of the English at Ypres, the French at Soissons, etc., with losses of thousands, yet it means nothing to them only that there is a big war on. This is true, every word of it, and if only these readers could be here, could only open their eyes and see that would be all.

OUR LOANS TO OTHER NATIONS

The United States has loaned to other nations engaged in war with Germany something over three billion dollars, taking for the sums advanced the obligations of such nations, bearing the same interest and maturing at the same time as the Liberty Loan Bonds.

The wisdom of this policy is beyond question. By strengthening these nations and making them as powerful and as effective as possible we are greatly aiding in the shortening of the struggle; we are doing much to insure an ultimate victory; we are doing only that which it is our duty to do toward our allies in this tremendous war against an autocracy which would debase and enslave all nations and men.

The fact that if we did not advance this money much of the work which the allies are doing would have to be

and DO IT NOW it said.

But, alas! there came occasions to remind him, pretty soon,
That it often pays to tarry till a time more opportune.
And it worried poor Philander so he couldn't eat or sleep,
Till he found another slogan; it was LOOK BEFORE YOU LEAP.

Alas! no sooner found than "Phil" discovered, to his cost,
That he who stops and hesitates very often lost.
And uncertainty beset him till the came upon the scene,
His good old friend Experience, with this one: USE YOUR BEAN.

done with American money and American men establishes clearly the intelligence and wisdom of our policy.

There is work to be done which requires the expenditure of blood and treasure. In making these money advances to Great Britain, France, Italy and other nations that we are lending money, which will be returned to us instead of expending sums possibly great, possibly greater, with no hope of return. In addition, we are saving the lives of American soldiers.

No policy the American Government has pursued is wiser or more truly economical and patriotic.

OUR SAVINGS AND OUR ARMY

"Our gallant men in the field will do the fighting with true American valor, but the responsibility rests upon you and me and every other citizen of the United States who is not in active field service to provide them with the equipment and machines to enable them to fight successfully.

"Valor alone is not going to destroy the Kaiser and military depotism. We must have organization back of it. Every man in this country must be a patriot. * * *

"The value of the war-savings plan consists not alone in the amount of money which the people of the United States may lend to their Government upon the certificates which are sold, but also in the lesson which will be taught, in the habits of thrift that will be inculcated as a result of it. What this will mean in conserving the re-

THE WAR-SAVINGS PLAN IN BRIEF

The war-savings plan provided for in the bond act of September 24, 1917, goes into operation Monday, December 3. Government certificates of indebtedness are to be sold in two denominations—thrift stamps costing 25 cents each and war-savings stamps

mature until January 1, 1923, on 10 days' written notice after January 1, 1918, such certificates will be redeemed by postmasters at their cost to the purchaser plus 1 cent a month on each war-savings stamp. The thrift stamps do not bear interest.

The stamps and certificates can be obtained from post offices, banks, or trust companies, at most railroad sta-

costing from \$4.12 to \$4.23, according to date of purchase.

When \$4 worth of thrift stamps are obtained a war-savings stamp can be secured in exchange for them by paying the difference between \$4 and the current price of the war-savings stamp.

War-savings stamps can be purchased for \$4.12 during the months of December, 1917, and January, 1918, but will cost 1 cent more for each succeeding month in the year 1918. They are redeemable on January 1, 1923, for \$5 which amounts to 4 per cent on the amount invested compounded quarterly.

FORTNIGHTLY CLUB

The Fortnightly Club met on Monday evening last at the home of Mrs. H. B. Gibbs. Many members and a large number of guests were present. Dr. and Mrs. C. H. French, Dr. and Mrs. C. A. Vincent, Dr. and Mrs. W. H. Herrick and Dr. Merrill were voted into the Club as active members. Mr. Denning in a graceful little speech which paid tribute to Dr. Baker's services to the town, and the warm regard with which he was held in it, proposed him as an honorary member. Mrs. G. L. Dyer seconded the motion, remarking that the club did not honor Dr. Baker but honored itself in having him on its roll of membership. The response to roll call elicited some amusing quotations and anecdotes, many of them bearing on the burning question of Conservation. Dr. Coffin said he had been down town to buy sugar and had brought it back in his waistcoat pocket. Mr. Denning remarked that that reminded him of the man who ordered some bacon to be sent to the house. When asked where it should be left he replied "O you can just put it through the key-hole." The paper of the evening was in the hands of Mrs. May P. Harris who read, in an interesting way, some poems of Robert Service, after which refreshments were served by the hostess and the remainder of the evening spent socially.

W. C. T. U.

A very interesting meeting of the W. C. T. U. was held Tuesday afternoon in the Reading Room. Mrs. Edwards presented the matter of a community Christmas tree.

The Union subscribed five dollars for the Orphans' fund.

Mrs. Boggess made her report from the annual convention.

The Winter Park Union has been honored by having two of its members placed on the State Executive Board.

Mrs. C. E. Coffin is superintendent of the Anti-narcotics.

Mrs. Boggess is superintendent of Bible Reading in the Public Schools.

Isabel Foely entertained "The City League" at The Seminole Hotel last Monday evening with a dance. Delicious refreshments were served during the evening. Those composing the party were: Geraldine, Vivian and Tony Barbour, Elsa Siewert, Isabel Foley, Betty Barr, Howell Sawyer, Carl Tompkins, George Arrants, Fred Hanna, Louie Miskovsky and Wilbur Waddell.

Mrs. H. W. Barnum, assisted by Mrs. C. D. Powell, entertained the Eola Bridge Club in Winter Park last Wednesday afternoon. Two prizes, the first of one hundred Red Cross Stamps, the second of Silk Allies Flags were awarded for the winners at the four tables. Mrs. J. B. Lawton won the first prize.

Athletic Notes

ROLLINS WINS FROM WINTER PARK

There was a snappy mix-up in Basketball on November 22nd between Rollins and Winter Park. The Rollins team took the lead soon after the game started and held it for a final score of 22-15.

Winter Park played good basketball but showed lack of practice. Rollins team-work did not show up to its best until the last half in which they allowed Winter Park one field goal. Fouls were committed freely by both teams.

The line-up was:

ROLLINS	WINTER PARK
Fletcher	F. H. Trovillion
Ward	F. R. Taylor
Arrants	C. Barze
Hannawalt	G. T. Trovillion
*Tilden	G. Anger

Sub. * Vincent.

Referee Hutchinson.

BENEFIT GAME

Rollins is to take on Winter Park for a second game Monday night. Winter Park has had good practice since the former game and the coming con-

test promises to be of unusual interest from start to finish.

This is to be a Benefit game for the Y. W. C. A. War Fund. The admission will be 15 cents.

TENNIS

Much interest has been shown in tennis of late. Short afternoons are drawbacks that can't be helped. The sun will set and just when the score is 6-5.

The Seniors are ably represented by Annie Stone with a serve as swift as an eagle, Elizabeth Russell with her sure receive, Bob Hutchinson who keeps all parts of the court covered at once, and Jimmie Noxon who gets in telling net-work.

Among the Juniors who play often are Tiny Hanchette, Florence Stone and Ben Shaw.

The Freshmen, represented by Hildegarde Slaughter, Eleanor Backus, Tilly and Fred Ward, can put up a stiff fight.

The boys of the Academy are working up a team, among the shining lights are Tommy and Bert Cleave.

Inter-class tournaments will be played in the spring after the tournament for Rollins Championship now held by Freshman Tilly. Get to work Seniors!

OUR SAVINGS, AND OUR ARMY

(Continued from Page Five.)

sources of America is inestimable. What this will mean in the future economy of America is incalculable.

"Victory can only be won by the valor of our soldiers, combined with the intelligent use of our resources. Savings and economy enlarge the available resources of the country for war, and the industry of the people is necessary to put these resources in the form which will enable our soldiers to use them with victorious effect upon the battle fronts."—From speech of Secretary McAdoo.
